Value-Priced Repair Alternative for Older Commercial Engines

Cat Classic[™] Parts provide owners of older Caterpillar products with low cost repair alternatives that minimize the risk associated with non-genuine parts.

Caterpillar's reliable commercial engines have long productive lives...but as they age, maintenance costs sometimes need to be re-evaluated. To help you manage your maintenance costs, Caterpillar is now offering Cat Classic Parts for the following commercial engine models: D353B/C/D/E; D379A/B; D398A/B; D399; G353; G379; G398; G399. First produced by Caterpillar more than four decades ago, thousands of these commercial engines are still heavily relied upon in a variety of petroleum, marine, and prime power applications.

Cat Classic Parts for Commercial engines offer:

- A value-priced repair alternative to the aftermarket
- Reliable performance
- The standard Caterpillar warranty
