

Vibrating Plates

Forward Travel Vibrating Plates

The entry into a new compaction class: Weber MT vibrating plates with forward travel. Powerful, versatile and simply practical. For example thanks to the fold-down guide handle they can be transported easily, and with uniquely designed optional extras they will meet all jobsite requirements.

Technical data

Type	Weight	Working width	Centrifugal force	Engine
CF 1	66-68 kg	40 cm	10 kN	Robin/Honda
CF 2	80 kg	44 cm	12 kN	Robin/Honda
CF 3	97-114 kg	50 cm	18 kN	Robin/Honda/Lombardini
CF 4	107-127 kg	50 cm	20 kN	Robin/Honda/Hatz
