

Pavement Saws

Pavement Saws

A robust design and cutting depths of up to 165 mm are the features that prove the optimum efficiency of the SM-line, the Weber MT pavement saws. Standard equipment includes a water tank for binding dust and a scale for indicating cutting depths.

Technical data

Type	Weight	Cutting Depth	Cutting disc diameter	Engine
SM 57-2	62-70 kg	120mm	350 mm	Honda/Robin/Electric
SM 62-2	85 kg	145 mm	400 mm	Robin
SM 82	128/149 kg	165 mm	450 mm	Honda/Yanmar
